Landscape Technician

Horticulture Services is seeking to hire a Landscape Technician for one of the following divisions:
Enhancements, IPM/Detail, Irrigation, Mowing, Trimming

Duties May Include:

- Operating a commercial walk-behind mower with a sulky.
- Operating a string trimmer.
- Operating a backpack blower.
- Operating a powered hedge trimmer.
- Hand weeding.
- Deadheading perennials.
- Applying mulch.
- Planting trees, shrubs, and perennials.
- Other seasonal roles as required.

Expectations for all Job Candidates:

- Complete landscaping tasks as directed by the crew leader.
- A willingness to receive training with the goal of understanding the "Horticulture Services" approach to landscape tasks. We are willing to train new employees with no relevant, professional landscape experience.
- A willingness to fill in wherever needed for completion of landscape tasks.

Qualifications:

- Ability to actively work on feet for the entire day.
- Availability that allows working long days during peak season.
- Reliable transportation to the Horticulture Services facility in Centerville, MN.
- Anyone interested driving a company vehicle must possess a valid driver's license with the willingness to complete driver qualification (Pass a DOT physical with a clean drug test).

Pay:

- Pay begins at \$16.00, higher rate of pay may be available to candidates with relevant, professional landscape experience.
- Driver bonus for qualified individuals.
